

# TracerBench: Boxplot Results

TracerBench on HeadlessChrome/84.0.4112.0

## duration (5361 ms faster)

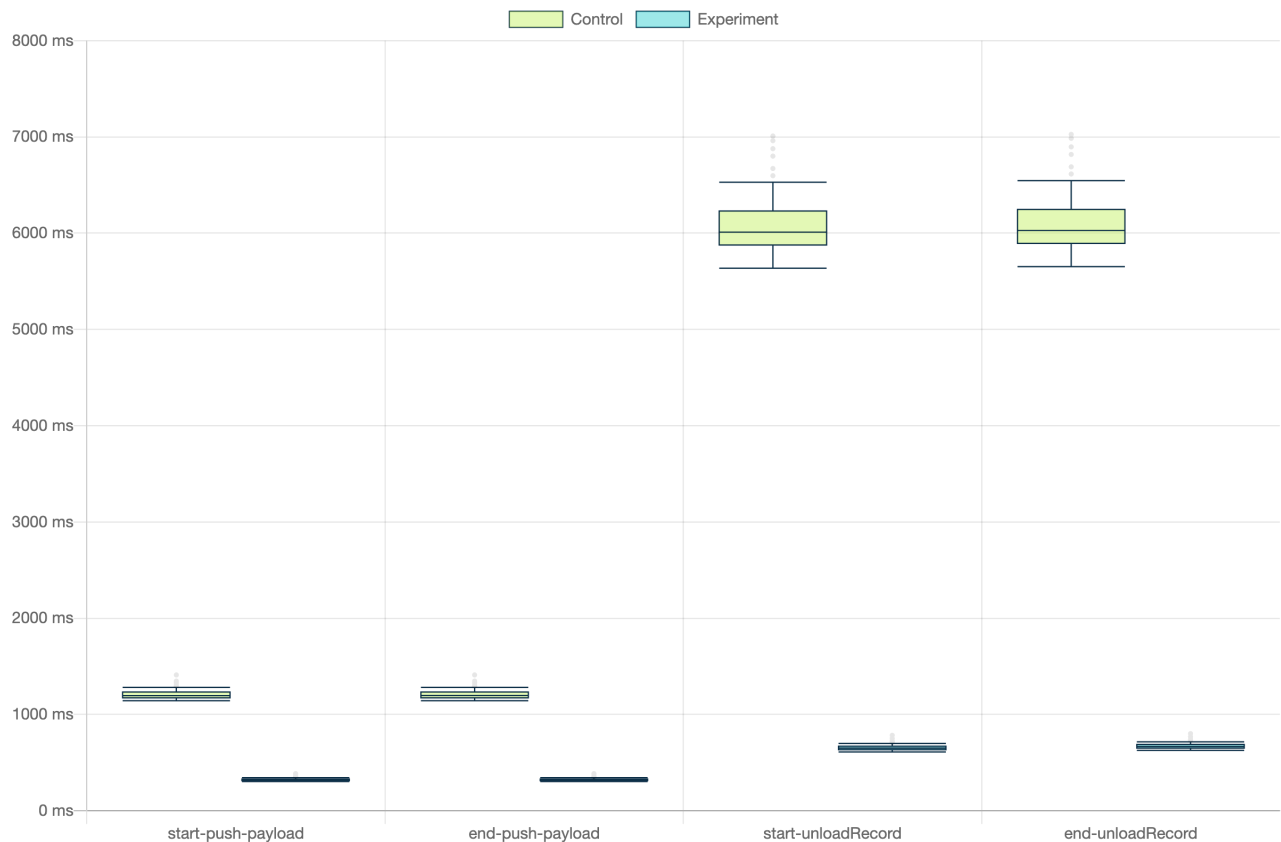

A statistical analysis test was used ([Wilcoxon Rank-Sum Test](#)) to determine that the results are significant meaning they are worth looking at. A statistics estimator ([Hodges-Lehmann estimator](#)) was used to determine "Experiment" is **faster** by **5361 ms**. TracerBench is 95% confident it is **faster** between **5304 ms to 5432 ms** based on 60 samples using a [confidence interval](#).

## Sub Phases of Duration

The chart below shows the finish times (a point in the page load duration) of the sub phases for experiment and control. It gives a high level view on what also changed (if there are any).

You can view more details about the phases starting from page 2.

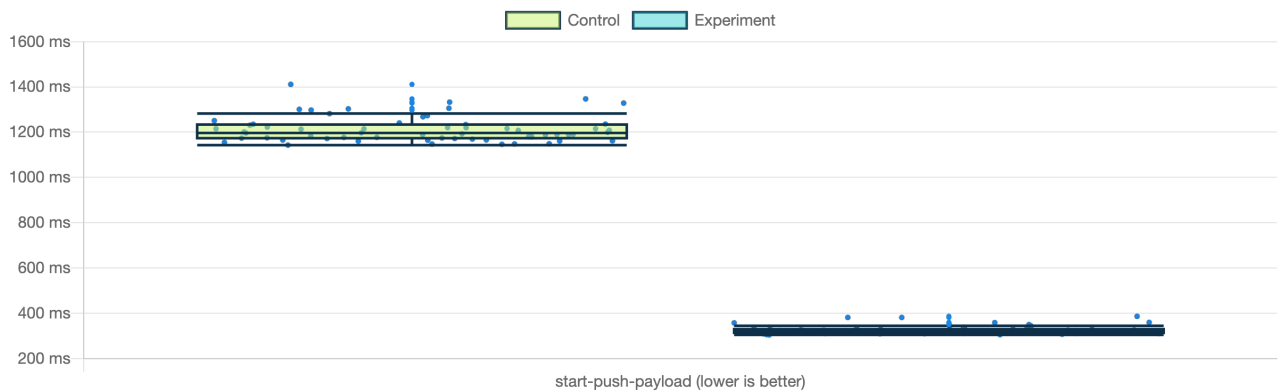

# Sub Phases in Detail

Sorted by phases that regressed with the most magnitude.

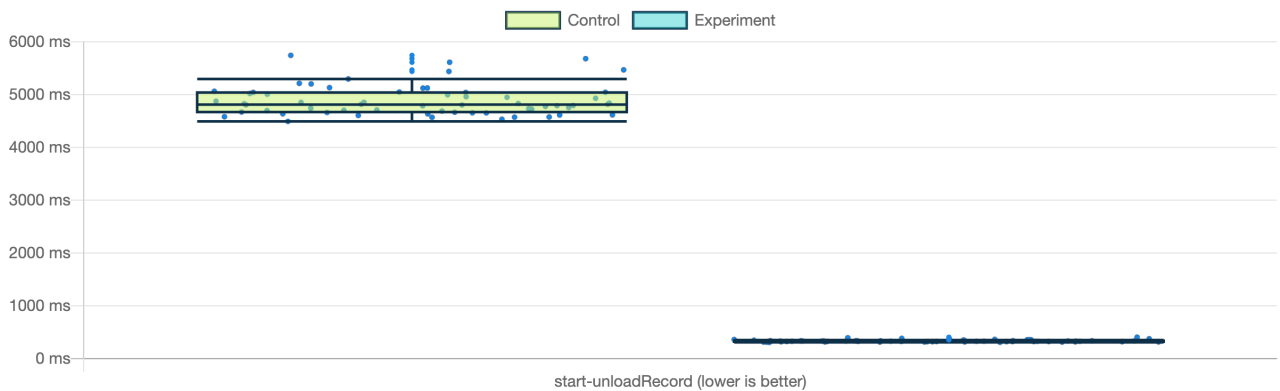

## start-push-payload (873 ms faster)

A statistical analysis test was used ([Wilcoxon Rank-Sum Test](#)) to determine that the results are significant meaning they are worth looking at. A statistics estimator ([Hodges-Lehmann estimator](#)) was used to determine "Experiment" is **faster** by **873 ms**. TracerBench is 95% confident it is **faster** between **862 ms to 888 ms** based on 60 samples using a [confidence interval](#).

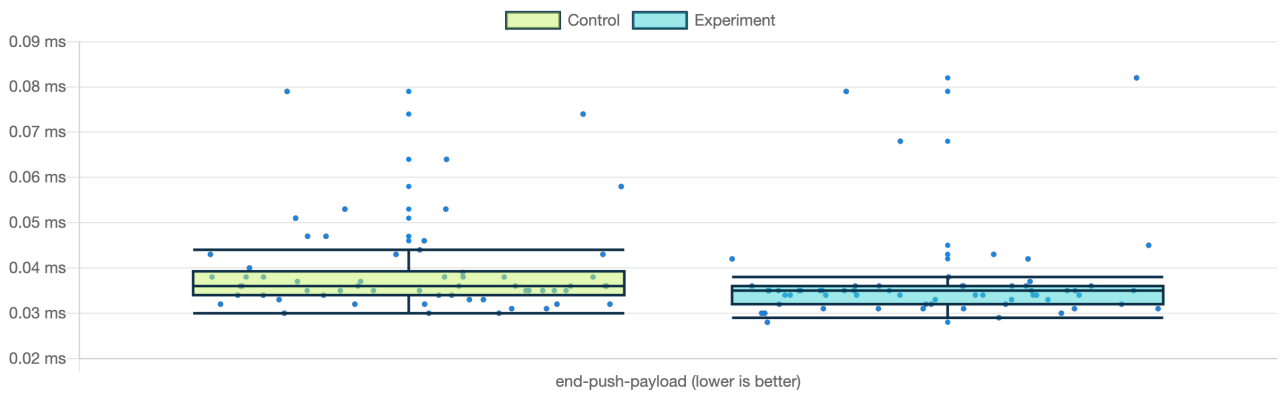

## start-unloadRecord (4477 ms faster)

A statistical analysis test was used ([Wilcoxon Rank-Sum Test](#)) to determine that the results are significant meaning they are worth looking at. A statistics estimator ([Hodges-Lehmann estimator](#)) was used to determine "Experiment" is **faster** by **4477 ms**. TracerBench is 95% confident it is **faster** between **4423 ms to 4526 ms** based on 60 samples using a [confidence interval](#).

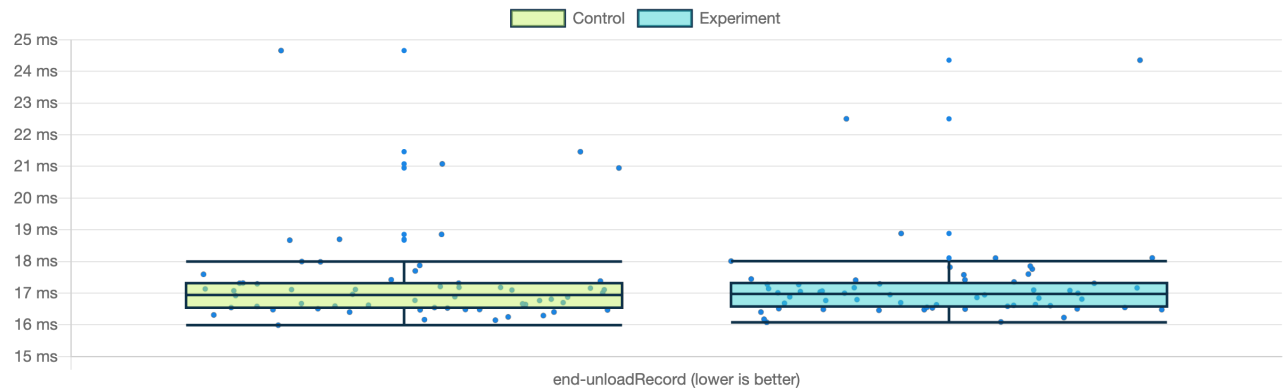

## end-push-payload (No Difference)

A statistical analysis test was used ([Wilcoxon Rank-Sum Test](#)) to determine that results are not significant.

## end-unloadRecord (No Difference)

A statistical analysis test was used ([Wilcoxon Rank-Sum Test](#)) to determine that results are not significant.
